“Help us be responsible stewards of Fairlawn Avenue United Church’s Funds.”

Finance & Stewardship Council

The Finance and Stewardship Council is responsible for the management of Fairlawn Avenue United Church’s funds.

It not only provides ongoing oversight of the church’s operating finances but also works closely with the Trustees to support the overall financial health and growth of the church’s assets.

The Council prepares the annual financial statements and operating budget, which are presented to members of the congregation at the Annual General Meeting. The Council also provides monthly reports to Governing Council on how the church is performing

financially, including tracking actual spending relative to budget.

The time commitment for volunteers isn’t huge, according to Chair, Steve Dunk. Council members meet for a few hours, once every couple of months.
