

To the Fairlawn Avenue United Church

Thank you for your continued, generous support of the women, children, and families at Red Door. Your most recent holiday gift of \$6,000, \$2,660 in gift cards, food, diapers, clothing, and artwork are doing so much good and are so helpful as we strive to create a place of safety and support for the families here. We know yours is a contribution of so many people and we deeply appreciate

you all. Best wishes for 2025!

Red Door

Red Door is the largest family shelter in Toronto.

Red Door supports hundreds of families annually, providing safe, temporary refuge and vital services that enable families to rebuild their lives. On any given day, 60 percent of residents are children.

In recent years, Red Door has provided hundreds-of-thousands of meals to residents. Our food bank supports families who have transitioned from Red Door, reducing barriers to food security and making housing more sustainable.

In addition to housing and food security, Red Door provides access to counsellors, offers important programs and life skills training for adults, and invests in the academic success of children, with initiatives like the Homework Club.

There is only
one Red Door.

Thank you for helping
end homelessness,
one family at a time.
